Preface

Dedication

This book is dedicated to my niece Princess *Gracie May* and my *students*.
Special thanks to Jesse Warren to write this book and my mentor Dr. LieJune Shiau.

About This Book

The purpose of this book to provide my students to be used in my classroom as notes.

It is written to my style of teaching.

Most of the information in this book are from several books which most have been referred under references and some are not because I have no information which books are from.
